

POST HARVEY –FOCUS ON KASHMERE GARDENS

Jamila Johnson
Infrastructure Policy Manager.
City of Houston

In the aftermath of Hurricane Harvey, a myriad of issues face communities as we move to a more Resilient Houston. Partnering with community organizations, academia and other agencies, the City of Houston is working on a comprehensive strategy for greater resilience in Kashmere Gardens and other neighborhoods. In this update, learn more about how Kashmere Gardens was affected by Harvey and how the investments of all stakeholders can be leveraged to meet the needs of the community. The discussion will include a review of Harvey flood impacts, the status of recovery and rebuilding efforts, the effect of regulations changes, a summary of available programs and pending projects and a discussion of the developing resilience strategy.
