

HCFCD walking Towards Resilient Community

Ataul Hannan¹, P. E., CFM

Planning Division Director
Harris County Flood Control District,
9900 Northwest Freeway,
Houston, Texas, 77092.

Relationship building and organizational capacity in communities is key to long term community resilience initiatives and policies resulting in an observed change. The MAAP*next* project in Harris County, Texas will be enhanced with change management strategies and implementation technical support. The project team is employing a comprehensive engagement process intended to build relationships and create a community of practitioners, focused on resilient building practices, embracing opportunities for long term risk reduction.
